Five Star[®] Announces the Launch of a New Family of High Strength Industrial Grouts

FAIRFIELD, CT., JANUARY 11, 2011 -- Five Star Products, Inc. of Fairfield, Connecticut is pleased to announce the launch of their new Five Star[®] SP (Superior Performance) Epoxy Grout and the reformulation of their Five Star[®] High Strength Grout into a new family of ultra-high performance industrial grouts. The release of this family of high strength products gives Five Star[®] the industry lead in both the high-strength epoxy and high-strength cementitious industrial equipment grouts.

Five Star[®] SP Epoxy Grout possesses industry-leading 21,000 psi (145 MPa) compressive strength with very low creep characteristics. Five Star[®] High Strength Grout, a cement-based grout, reaches over 14,000 psi (97 MPa) in compressive strength. Both products are non-metallic, expansive, and possess outstanding Effective Bearing Area (EBA) compared to competitive offerings.

"New Five Star[®] SP Epoxy Grout and Five Star[®] High Strength Grout are truly revolutionary in their compressive strengths while maintaining the other characteristics required for precision alignment of mission-critical equipment," stated Terry Stysly, Vice President of Global Sales. "Five Star's new offerings of ultra-high strength industrial grouts supports our company's vision to provide superior engineered construction products backed by industry-leading support," added David Babcock, President and CEO.

Five Star[®] SP Epoxy Grout is available in both Standard Grade and Pump Grade as a three component system. Five Star[®] High Strength Grout is available in 50 lb. bags and can be mixed from a hand-pack consistency to a flowable consistency to meet almost every application.

About Five Star Products, Inc.: Five Star Products, Inc. is a worldwide provider of high-performance, versatile, non-shrink cement and epoxy-based construction grout and concrete repair solutions for use in the industrial, commercial, infrastructure and marine markets.

For information on Five Star[®] products call 203.336.7900, or visit www.FiveStarProducts.com on the web. For Toll Free technical assistance, contact the Engineering and Technical Support Group at 800.243.2206.
